

# AI-XPLORE CONTEST

Ignite your Automation thought Ideas

24/07/2023

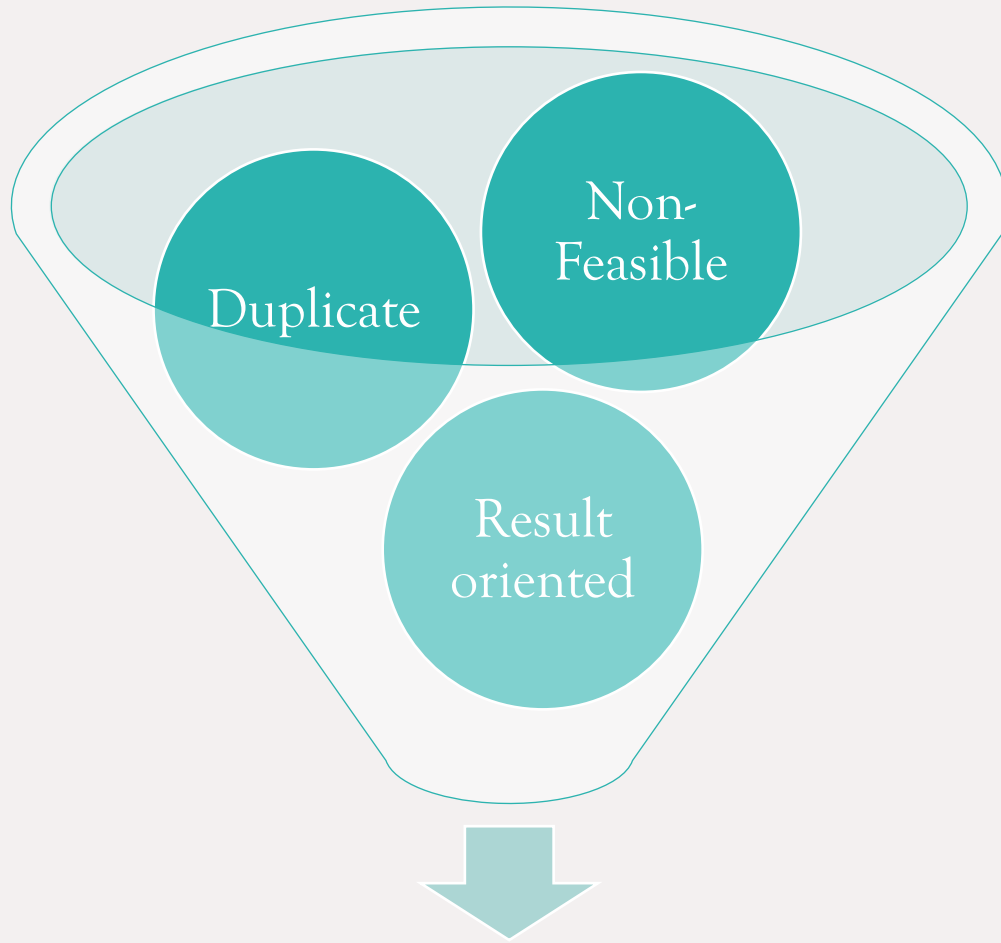

# WHO CAN PARTICIPATE

This contest is open for all employees

1. Idealization: During this phase, participants will brainstorm and develop their ideas. They can present their ideas to their leads or managers.
2. Presentation: Each team will narrow down to one final idea and present it to the committee.
3. Qualification for Implementation: The committee will decide which ideas will be moved to the implementation stage.
4. Implementation/POC: The implementation team will implement the selected ideas. Participants who submitted ideas, even if their ideas were not qualified, can be part of the implementation team.

## HOW IT WORKS?

## IDEA FILTRATION

1. Idea should not be similar to something which is already being used within the organization. This means that the idea should be new and innovative. It should not be something that has already been tried and tested by the organization.
2. In case of duplicate ideas, committee will decide on which idea to implement, and team can be mixed up for such idea implementation.
3. If two or more teams submit the same idea, the committee will decide which team's idea to implement. The committee may also decide to combine the teams and work together on the implementation

Ideas need not be limited to the company's existing capabilities. The organization is willing to provide any additional technical support necessary to bring a potential ideas.

ORGANIZATION SUPPORT
